

BAK Attendance and Online Class Policy

Class Continuity, Rescheduling, and Learner Accountability

Document Classification: Internal Training and Policy Reference

Purpose: This document is prepared as part of a knowledge base for a Retrieval-Augmented Generation capstone prototype. It is not a substitute for statutory advice, legal consultation, or official government notifications.

Attendance and Online Class Policy

This policy explains attendance expectations for online coaching, academic continuity, and learner accountability.

- Learners should join sessions on time with required materials.
- Tutors should mark attendance or maintain a session log.
- Late joining, absence, or repeated rescheduling may affect learning outcomes.
- Session recordings, if provided, are supplementary and do not replace active participation.

Rescheduling and Cancellation

Situation	Policy
Student Requests Reschedule	Advance notice is expected. Approval depends on tutor availability and course plan.
Tutor Reschedules	The missed class should be compensated through another slot or equivalent academic support.
Technical Failure	If the failure is institutional, the class should be repeated. If learner-side, support may be offered where feasible.
No-show	Repeated no-show may lead to loss of session credit depending on prior agreement.

Learning Continuity

BAK shall encourage learners to maintain a study diary, submit assignments on time, and attend feedback sessions. The academy may pause advanced modules until foundation gaps are reasonably addressed.
